## Terms & Contitions:

**To Open An Account:** Please forward 3 trade references and 1 bank reference to our credit department. Please allow 2 weeks for thorough credit checks on new accounts. Orders can be shipped C.O.D. until credit is established.

**New Accounts:** All orders placed on new accounts require prepayment by either Check, Cashier's Check, Money Order, Visa or Mastercard. New Accounts that ship C.O.D. will be sent C.O.D. Cash Only. **Terms:** Terms are Net 30 Days after credit is established. A Service charge of 1.9% per month will be assessed on all past due accounts. Habitual Past Due Accounts will revert to C.O.D. - Any customer who issues an insufficient funds check will automatically be placed on *Prepayment Only* status.

## Please Read Before Placing Your Order:

1. Give your complete billing address, shipping address, contact person, purchase order, telephone number and fax number.
2. Order by catalog number, state discription, quantity, size, etc.
3. **Orders that have custom engraving must have spelling faxed in or emailed in to ensure accuracy.**
4. Since cut pieces, custom made & special orders cannot be returned , please fax or email the following:
  - a. verify accuracy of drawing
  - b. supply camera ready artwork
  - c. note any special instructions (i.e. hole size, placement, radius of corners, etc.)
5. Bell Company pays for delivery within the Continental United States by U.P.S. ground service only on all orders over \$100.00 that are paid for in advance. This does not include packages over 70 lbs.
6. Prior authorization must be obtained for returned items which will be subject to a 20% restocking charge. You have 10 days to return merchandise from the date authorization was received in order to receive a credit.
7. Any claims for shortage or damage must be made within 10 days.
8. Minimum orders are \$20.00 and a \$2.00 handling charge will be added to any order under this amount.
9. Since Freight Terms are F.O.B. shipping point (Trussville, AL), all freight and handling charges will be added to all shippments, except for those that are prepaid over \$100.00.
10. A \$30.00 charge will be made on all returned checks and the account will be put on a "C.O.D. Cash" rating.
11. All prices in this catalog are subject to change without notice.
12. **Any customer wishing to us UPS Consignee Billing and/or Third Party Billing will be charged \$10.00 per order shipped.**
13. Limited Warranty & Disclaimer: Claims concerning any defect must be made in writing to Bell Company, Inc. {"Seller"} and sent to Seller no later than thirty days from date of invoice. **The requirement of written notice cannot be waived.** No warranties are made by Seller except as may be contained in an invoice respecting a particular item. The limited warranty that may be expressed in any such invoice is exclusive and in lieu of any implied warranty of merchantability, fitness for a particular purpose, or other warranty, express or implied, all of which are waived by Buyer. The liability of Seller for breach of any warranty is limited to the repair or replacement of goods on which liability is based. Seller shall not be liable for indirect, incidental or consequential damages, including but not being limited to loss of use, revenue or profit. There are no warranties that extend beyond the description of the goods contained in this catalog and only such warranties are given as are expressly set out in the invoice for such goods. Any verbal statements or understandings are merged into any purchase order or invoice submitted and accepted by Buyer.

## PM-5CA    \$3,295.00

Complete - Ready To Engrave

The PM-5CA is a medium size engraver used for engraving objects up to 12-1/2". This machine will accept high and bulky objects since the vise is deeper than most.

This universal work-holding vise allows the clamping and engraving of large trophy cups & mugs up to 9" in diameter. The machine is fitted with a scissors jack which enables the operator to move the vise up and down, backward & forward, as well as tilting it.

Standard accessories: Same as PM-3 on page 15 with these substitutions: Vise, 12-1/2" opening, self centering, 6" depth, 5" elevation system, scissors jack to raise vise, Universal cup cone & back plate support.

Approximate Shipping Weight: 150 lbs.

## EGX-20    \$2,995.00 MSRP

A powerful 15,000-rpm spindle motor makes quick work of acrylic, plastic and other materials for attractive nameplates and room directories.

Thanks to its unique AST system, the EGX-20 can engrave on a wide variety of materials for personalizing gifts and novelty items. Table size 8-5/8(W) x 6-11/16 (D) inches

## MPX-90    \$4,995.00

It's a new desktop device that allows retail photo shops and professional photography studios to offer customers a wide range of personalized giftware! The MPX-90 Metaza Photo Impact Printer uses a unique technology to create permanent impressions into jewelry, pendants, key chains, clothing and charms.

With a USB port, the MPX-90 sets up as easily as a desktop printer. Once up and running, photographers and retailers can begin imprinting in just three steps. Import an image via scanner or digital camera, layout and edit graphics, and press print. Max Engraving area 3-1/8"x 3-1/8"

## EGX-30A COMPUTERIZED ENGRAVER    \$3,995.00 MSRP

Computer Not Included

Good Entry Level Computerized Engraving Machine

The EGX-30A is a simple-to-use 2 axis, desktop engraving machine. It works via a standard parallel or serial connection to your PC. The EGX-30 uses industry standard 1/8" diameter tools for engraving plastic and other soft materials, as well as scribing coated brass. With its small overall footprint, the EGX-30A can be used on any desktop. It is quiet enough to be used in any office environment.

Accessories: Dr. Engrave Software, EGX-30A Driver for Windows® Vista, Windows 7, XP, Power Cord, Cutting Tool, Engraving Tool Holder, Dust Collector Hose & Duct, Diamond Scribe Adapter, Adhesive Sheet for Securing Material & User's Manual.

Table Size: 12" x 8" Maximum Working Area: 12" x 8" Wt. 34.2 lbs.

Optional EngraveLab Software \$ 1,195.00 is shown on next page.  
Optional Vacuum Chip Removal System \$ 720.00

## BellCo Desktop Computer Engraver EGX-350 by Roland

Model EGX- 350

Vacuum Chip Removal Syst.

A desktop engraver that produces professionally finished signage, nameplates, badges and more!

Comes with advanced engraving/modeling software.

### EGX-350 Includes Dr. Engrave Software

**\$5,995.00 MSRP Computer Not Included**

Optional EngraveLab Software .....\$1,195.00

Optional Vacuum Chip Removal System..\$ 720.00

**A Complete Engraving Solution:** With the new EGX-350 desktop engraver, you can easily expand your business by adding valuable personalized items to your production line. The EGX-350 quickly engraves a wide variety of materials right in your sign shop, engraving business or retail store. This highly versatile tool is remarkably easy to use and expertly engineered to produce sharp, precision text and graphics. A complete, compact solution, the EGX-350 comes with everything you need to get started. Bundled Roland EngraveStudio software offers advanced features including a new V-Carving mode which produces a hand-carved look, and a new engrave simulation function that saves time and materials by allowing you to preview your designs before engraving.

**Easy to Use:** The EGX-350 connects to your PC through a USB port and is extremely easy to setup and operate. An easy-navigation control panel is located away from the production area offering a clear view of the engraving table. The EGX-350 also features an automatic surface detector that automatically determines the height of the material (Z-zero) for quality engraving at a consistent depth.\*1 An adjustable flip cover opens in two positions allowing efficient access to the engraved product. The brushless DC motor is highly durable for long-lasting performance, and the vacuum adapter attaches easily to the spindle to ensure clean operation.

\*1 Automatic surface detector works with included Dr. Engrave software and may not be able to engrave some materials depending on their shape and/or design.

Engrave text with a variety of fonts including TrueType or Single Line.

### Self Centering Vise

A self centering vice for holding nameplates and irregular shaped objects.

ZV23C \$350.00 (for EGX-300 shown on website)

ZV20 \$499.99 (for EGX-20 shown on website)

ZV600C \$699.99 (for EGX-400/600 pg 18)

Roland EngraveStudio offers a variety of engraving depths that together produce a truly hand-carved look. Preview your designs on screen through the engraving simulation function that presents both the tool path and anticipated results prior to engraving. Import designs from Adobe Illustrator\*2 (ai and eps) and CorelDraw (eps)\*3 for precision text and graphics. Roland EngraveStudio is compatible with Windows® 2000/XP and Windows VistaTM.

\*2 Before importing Adobe Illustrator data into Roland EngraveStudio, Roland recommends converting vector geometry and text to curves. For best results, switch off all patterns and/or color fills and save files in eps format. \*3 Supports ai (version 8.0), and eps (version 3.0) file formats

### Dr. Engrave Software

Power up with the most remarkable engraving software you'll ever own!

**FREE with any computerized engraving system purchase!**

- **Automatic Layout Function** - Dr. Engrave features an automatic layout function that allows you to import your database for faster engraving output. Just create your database in CSV file format. Now Dr. Engrave imports your data and optimally lays out your job to fit the material.
- **Uses a wide variety of fonts and clip art** - Dr. Engrave includes specialized vector engraving fonts and also supports Windows TrueType fonts. Create your own design by altering standard shapes or importing a variety of file types such as Windows bitmap data or Vector Art from Roland file formats.
- **In addition to standard fills** - Dr. Engrave supports "Island fills" • Dr. Engrave easily converts TrueType to "single stroke" fonts.

### EngraveLab Optional Software

**\$1,195.00**

- One of the Industry's most accurate scanning & auto-tracing features
  - Spell Checker • "Weighted" or "Equal" spacing method included
  - Ability to view the plate in "finished" mode

EngraveLab provides the modern engraving shop with creative freedom and an efficient workflow. This powerful design and production software comes loaded with all the right tools for engraving trophies, awards and signs, including 65 import filters, 1100 fonts with WYSIWIG text composition, 100 engraving fonts, a 5000 - piece clipart library, and a variety of automatic fill routines. It can also generate braille for ADA signage, trace raster-to-vector images, and automatically create single or multiple plates per sheet with a special function for badges.

# EGX-350 \$5,995.00 DESKTOP ENGRAVER

By Roland

Bringing Your Ideas to Life

SEE WHAT THE EGX-350 CAN DO AT:  
[WWW.ROLANDASD.COM/EGX350](http://WWW.ROLANDASD.COM/EGX350)

**Quality. Speed. Versatility.** The EGX-350 has what it takes to give your customers what they really want! Powered by a 20,000 rpm DC brushless motor, the desktop engraver produces a wide range of popular jobs with crisp text and clear graphics. Indoor signs, gifts and awards, and custom rhinestone apparel all turn out perfectly.

Ease of use is one of the EGX-350's core strengths. An advanced surface detector simplifies setup by automatically determining the Z axis starting point. A hand-held control panel with a large backlit LCD screen lets you quickly select engraving options, such as spindle speed.

Bundled EngraveStudio™ software makes it fast and easy to produce everything from simple nameplates to elegant wood signs and luxury gift items. With single stroke fonts and a special V-Carving mode, the software generates a perfect hand-carved look. It imports your designs in ai and eps file formats, and lets you preview them to save precious materials and time. You can even create design templates for heat pressing rhinestones onto custom apparel.

## Bellco Computerized Engraving Machines

by Roland

The EGX PRO 600 and 400 are industrial-sized, advanced benchtop engravers.

Using Feed Forward Processing enabled by belt drive technology and digital AC Servo brushless motors on the X, Y and Z axes, they deliver unmatched precision, speed, reliability and energy efficiency for 2D and 3D engraving. The PRO has a 72-watt, 30,000-rpm spindle for high torque and minimum vibration.

Model EGX-600

Model EGX-400

Software: 3D Engrave

Software: Dr. Engrave

Software: Dr. Engrave  
Multiple Plates

**EGX-600 \$13,995.00 MSRP**

258 lb. 16" x 24" Table Size Includes Dr. Engrave Software

**EGX-400 \$10,995.00 MSRP**

192 lb. 12" x 16" Table Size Includes Dr. Engrave Software

Computer Not Included

Optional EngraveLab Software \$1,195.00

Optional Vacuum Chip Removal System \$ 720.00

Optional Vacuum Adapter Kit \$ 210.00

(see page 17 for information on above optional items)

Complete specs sheets are downloadable in pdf format from our website [www.bellcoinc.com](http://www.bellcoinc.com)

The EGX-600/400 benchtop engravers provide heavy duty engraving power, speed and a host of features, making them versatile, easy-to-operate, professional tools.

These computerized engravers enable you to produce a wide variety of applications including 3D reliefs for distinctive signs as well as nameplates, awards, trophies, medallions, ADA signage, control panels and much more.

### Superb Quality, Value & Performance for Heavy-Duty Engraving

Included with the EGX-600/400 is a complete suite of engraving software. Dr. Engrave produces high quality engraving utilizing True Type fonts. 3D Engrave allows you to produce 3D reliefs. MODELA Player CAM software reads DXF and STL files created with popular 3D CAD programs. Virtula MODELA enables simulation of finished shapes for previewing on your computer screen before beginning production. A Windows® driver is also included.

### High Speed and Accuracy with DAC-FFP

Feed Forward Processing (FFP) is an advanced controller technology that anticipates tools movement. The industry-first combination of FFP, belt drives and digital AC Servo (DAC) brushless motors on the X, Y and Z axes results in unmatched precision, speed, reliability and energy efficiency. In addition to faster cutting, the high-speed spindle and brushless DC motor produce increased torque with less vibration. Spindle speed can be varied between 8,000 and 30,000 rpm for engraving a wide variety of materials, including wood, urethane foam, plastic, acrylic and light metals such as brass and aluminum.

## Desktop Photo Impact Printing Model MPX-90 by Roland

### MPX-90

**\$ 4,995.00 MSRP**

#### Computer Not Included

This second generation MPX-90 photo impact printer provides an easy, low cost way to personalize jewelry, pendants, tags, awards, nameplates and promotional items. It uses a diamond-tipped stylus to permanently imprint photos, illustrations, logos and text into metals and acrylics.

- The maximum work area is 3.15" x 3.15"

#### Updated Dr. Metaza2 Software Included :

Bundled with the MPX-90, Dr. Metaza2 photo-imprinting software allows even first-time users to start editing images and adding text, frames and borders immediately. With the latest version, users can quickly remove backgrounds and rotate images and text. The software imports data filed in JPEG or BMP format and also accepts data from digital cameras and TWAIN\_32-compatible scanners.

- Easy imprinting of photos and text on metals and acrylic
- Able to handle multiple imprinting jobs simultaneously by connecting more than one METAZA to a PC
- Easy-to-use Dr. METAZA2 photo-printing software included to let you start editing and printing immediately after set-up
- Reads image data in JPEG or BMP formats as well as from digital camera or TWAIN-32-compatible scanners
- Compact footprint easily fits on a small counter
- USB port for fast and easy set-up and orientation

## MULTI-MAT

The new, revolutionary ENGRAVING TABLE HOLD DOWN MAT, designed to make your engraving jobs easier and faster! It is a double sided mat which can be applied to virtually any engraving table top to provide a stable, self sticking surface for practically any flat engraving material.

- No more problems with difficult to hold engraving stock
- Perfect for Brass, Aluminum, Flexible Engraving Stock, Acrylic, Phenolic & most other engraving material
- Durable rubber like material with a rigid core that has special holding properties -
- Engraving stock will not move from side to side, but after engraving, it is easily lifted
- No other hold down system is as fast and easy to use
- Can be used over and over again
- Cleans with water and a soft sponge!
- Multi-Mat makes your work easier and saves you money!

**Multi Mat has a self healing feature - small cuts in the surface, should not cause a problem and seem to heal.**

**Double Sided - double the life span of single sided stick down mats**

## Table Shear - for Plastic or Metal

### Plastic Shear

#S1200P

Cuts Plastic up to .0625 thick

Ideal for cutting badges, nameplates, strips, panels, film backed polymer - not designed for metal.

Cuts 12" x any length - clean cut - safety guard included

#### Replacement Blades & Parts:

Top for Plastic .....	\$ 80.00
Top for Metal .....	\$ 80.00
Bottom Blade .....	\$ 70.00
Replacement Scale	\$ 45.00
Replacement Guard	\$ 26.00

**\$ 390.00**

### Metal Shear

#S1200M

Cuts Brass up to .025 thick & Aluminum up to .040 thick

Ideal for cutting Trophy Brass, Aluminum & A.D.A. Aluminum Backed Photopolymer

Cuts 12" x any length - clean cut - safety guard included

Replacement Blade  
#VC36T ..... \$ 210.00  
36 tooth, carbide tipped 4.75" dia.

Carbide Table Saw Blade  
#250-144 ..... \$ 165.00  
8" dia. .105" kerf, 5/8" bore, 64 teeth

Resharpening of Blade ..... \$ 60.00

Saw Blade Lubricant #250-176 ..... \$ 8.00 ea.  
minimizes burr - enables blade to last longer  
For Table Saw Blade Only

## Trophy Aluminum Diamond Engraving Sheet Size: 12"x24"x.025 Thick

COLORS	FINISH	FINISH	QTY 1-9	QTY 10-24	QTY 25-50

## Corner Mate

Dress the Corners of Your Plate, With The Bellco Corner Mate!

Cuts Clean • No Burrs • Rounds, Notches, Scallops or Hole Punches Corners • Heavy Duty Base

Capacity .020 brass, .025 aluminum, .020 steel & .0625 plastic

**#590-272**

Base \$132.00

Cutting Units \$127.00 each

## KB-600 Beveler

**\$895.00**

Frame the Edges of Your Nameplates with a Quality, Smooth Finished Edge by Using the Bellco Beveler

11/16 Cutter Standard  
Bevels Material up to 1/4" Thick

Table Size 4" x 16-1/2"  
Motor Belt.....\$20.00

Long Lasting Industrial Quality Beveler  
60w Motor - Quiet Operation

## Bellco Acrylic Bender #250-800

**\$329.00**

This bending machine is perfect to use for bending plastic engraving materials and acrylic up to 1/4" thick  
Bends plastic to make tent signs, foldover pocket badges, easels, etc.

Specifications: 34" effective heating area  
Thermostat controlled - adjustable  
magnetic backstop - On/Off Switch & pilot light. Approx. Shipping Weight 13 lbs.  
Temperature adjustable up to 450° F

**STRIP HEATER:** Element Only - Build your own  
Instructions included for assembly  
#250-175.....\$61.00

## Bellco Tools to Enhance Your Engraving

**Calipers** - All engravers need this item!! This handy 6" caliper is used to measure your depth of engraving, material thickness and letter height in a precise manner - NO MORE GUESSWORK! Features: Stainless Steel, covered rack, 4 way measurement: Inside, Outside, Depth, Inches,mm scale

#610-5026 \$44.00

**Depth Gauge** - Micrometer depth gauge enables engravers to accurately check the depth of engraving in increments of .001

#610-4054 \$121.00

### Paint Filling Tool -

#610-7500 \$ 99.00 Convenient • Quick • Clean • Easy to Use

For use in engraving & paint filling. No outside source/compressed air needed. Comes with 4 different easy to change tip sizes. A must for engravers who color fill.

### Hand Held Engraver-

#250-170 \$44.00

Vibrating Point - variable speed - calibrated stroke adjustment dial controls engraving depth.

Great for Marking Your Valuables, or Personal Property.

### Paint Filling Sticks

#250-120 \$7.00 each

Lacquer Paint Sticks - White, Black, Red, Blue, Green, Yellow, Orange, Silver or Gold

**Velcro** - #250-000 & 250-001  
\$ 32.00 per roll

sticky back hook 3/4" X 25 yds.  
sticky back loop 3/4" X 25 yds.

(250-000)  
(250-001)

**Bead Chain & Couplings** - Nickle Plated  
Chain - #132-020 \$ 260.00 (500 ft. roll)  
or .50¢ per ft. (20 ft. minimum)

Couplings - #132-100  
\$ 15.00 per hundred

## Adhesives, Glue, Etc.

**Magnetic Tape** - 3/4" wide - 1/16" thick • order by the strip 24" long or by the roll - 100 ft. roll

(10 strip min.)

#220-131 .....	\$ 2.20 per strip (min. 10 strips)
	\$ 71.50 per 100 ft. roll

**Steel Tape** - 1-1/4" wide x 60 yards - Steel tape with adhesive

#220-165 ..... \$ 73.70 each

**Double Faced Foam Tape** - sticks wall signs to almost any surface •

available in 1/2", 3/4" and 1" wide rolls • 72 yards per roll • 1/32" thick

#220-117 .....	1/2" wide .....	\$ 20.90 each
#220-117 .....	3/4" wide .....	\$ 25.30 each
#220-117 .....	1" wide .....	\$ 30.80 each

**Foam Tape Disks** - 3/4" dia. & 1.25" dia. - 1/32" thick • 500 pcs. per roll

#220-115 ..... \$ 20.90 per roll

#220-116 ..... 1-1/4" dia. ..... \$ 37.40 per roll

**Regular Double Faced Tape** - adheres to copy table to hold mastertype

1/2" wide x 36 yard roll

#220-118 .....	1 roll .....	\$ 15.40 each
	5 rolls .....	\$ 14.30 each
	10 rolls .....	\$ 13.20 each

**Adhesive Backing Sheets** - omit holes & screws • adhesive on both sides • just stick nameplate to wood or metal surface • sheet size 8" x 10"

#200-110 .....	\$ 9.90 per 10 sheet pack
	\$ 39.60 per 50 sheet pack
	\$ 71.50 per 100 sheet pack

**Hot Stamping Die Tape** - Adheres zinc, brass, aluminum, etc. dies under pressure and heat • Easy removal while hot. 4" wide x 60 yards

#220-153 ..... \$ 203.50 each

**3M Scotch-Grip Cement** - Adheres metal to plastic • bonds material to stay • strong & long lasting • 5 oz. tubes

#210-119 .....	\$ 25.30 each ..... 1 tube
	\$ 23.10 each ..... 5 tubes
	\$ 20.90 each ..... 10 tubes
	\$ 693.00 ..... full case - 36 tubes

**Acrylic Plexiglue** - Liquid Solvent for welding a variety of acrylics & for welding plastic letters to plexiglas • 4 oz. cans

#240-143 .....	\$ 7.70 each ..... 1 can
	\$ 6.60 each ..... 5 cans

# BellCo Laser Cut Acrylic Letters

Letters cut from flat sheet acrylic 1/8", 1/4", 3/8", 1/2", 3/4", 1" thick. Easy to install, painted to match PMS colors. Laser cut allows fine detail, sometimes not possible with routers. Artwork for letters & logos works best if submitted in vector format. Letter styles most commonly used, Helvetica Condensed, Times New Roman, others available. NOTE: Punctuations 30% of Letter Price.
